## The Directors Cut

As suppliers of an extremely wide range of off-the-shelf portable and modular products we know it can be a bit of a minefield choosing the right product for your display needs. For example; we have access to more than 30 types of banner stands, which on the face of it all do a similar job.

So welcome to our "Directors Cut" a small selection of products chosen from the various ranges of portable display equipment we provide. We have pleasure presenting and recommending these products to you as tried and tested examples of the respective ranges. Each product is discounted from the retail price and where appropriate supplied complete with our own top quality graphics. Prices shown are for single units, which we're confident you'll find competitive. For quantities please give us a call.

### Stealth

A modern linkable banner system designed to create seamless graphics in a similar way to the TWIST. Highly portable and easy to use backdrop for all types of presentation.

3 panel system with graphics and carry-bags from **£599.00**

## Portable display kits

### Pop-up Displays

The kit prices below are inclusive of; structure, magnetic fixing bars, graphics to one side, end curves, protective poly sleeves, 2 no. halogen spotlights, structure & magnet slip bags, and a counter / case as standard. Graphics are produced in full colour using aqueous based inks printed on 300 micron, spotlight media which is finished with a tough, deep crystal, scratch resistant face laminate.

### Eurostand

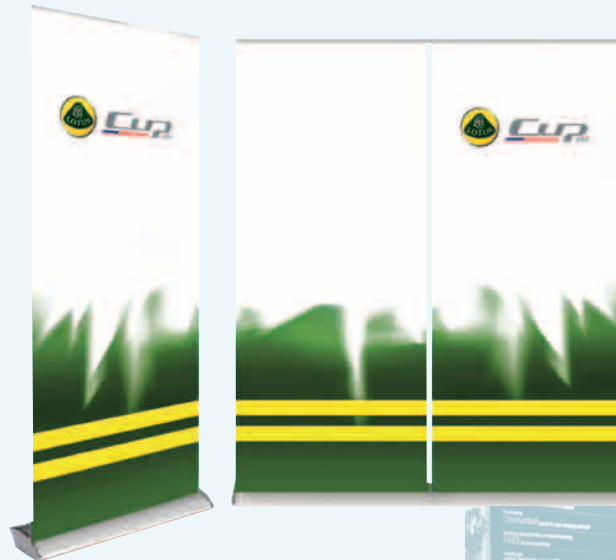

Our flagship system; fully magnetic with self-levelling hanging kits for optimum graphic positioning. This helps keep graphics straight and buckle free on uneven floors.

### Ultima Evolution

Fully magnetic, low profile self-locating magnetic rails with "smart" magnetic locking arms. "Xpress" system features new design magnetic hanging rails, "Quick" utilises conventional hook fixings.

## Bespoke displays and graphics...

As a full service exhibition and display company we incorporate a multitude of in house production facilities to support our role in events. One of the most active areas of our business which offers an independent service away from our events role is our display and graphics department. Where we once used a steady hand, digital technology and a computer have replaced our brush and paint pot. Today our sign and graphics department utilises state of the art digital print and CNC technology. Our grand format print capabilities allow us to produce colour images for both indoor and outdoor use in stunning 4, 6 or 8 colours. Fine art quality is achieved with print resolutions of up to 1440 dpi and 2600mm wide for; display and exhibition graphics, fabric, canvas, posters, signage, banners, vinyl graphics and a host of other uses. We provide a complete print, finishing, cutting and fabrication service from design to completion.
