Total hire solutions...

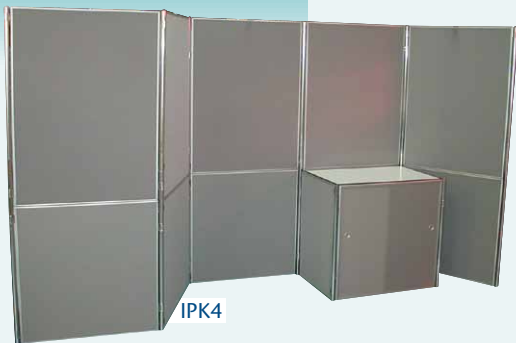

...from the hire of a single panel display to a fully managed shell scheme solution for a regional event. At Image we have a comprehensive range of equipment available for hire, a selection of which is pictured on these pages. Folding, pop-up and panel and pole kits can be provided for DIY hire with or without graphics, all of which can be complimented with a selection of literature displays, plinths, furniture and a host of other accessories.

We have pictured a selection of our more popular display kits and products. These are priced over the page together with costs for individual modular components so you can configure and cost your own display solutions. Of course should you need help making the right choice we also provide a complete design, graphic, installation and management service.

For bigger stands why not ask us about our custom / modular or custom built exhibition stands.

Modular display & exhibition systems

Quick and easy to construct. Tried and tested aluminium framed nyloop panels with pole and clip method of assembly. Infinite set-up configurations are possible and a wide range of accessories are available.

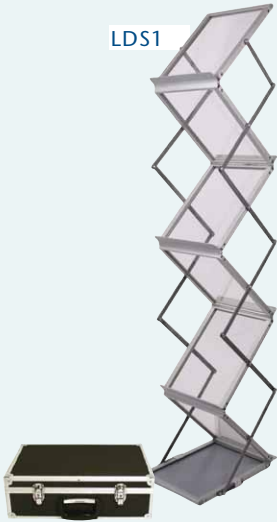

Portable displays

Ideal for those travelling light. The 6 and 8 panel kits shown below pack into one case or two carry bags and can be transported in the back of most cars.
